MANUFACTURER OF LASHING AND LIFTING PRODUCTS

WWW.CHINGI-EXPERT.RO TEL 0254 210 935

Chingi Expert is an important manufacturer and solution provider for lifting and load securing equipment in Romania. Safe lifting always starts by choosing the proper equipment. The needs of our clients are unique, as is any choice made aiming to use the equipment safely. Our experts have solved thousands of different kinds of questions regarding situations involving lifting and load securing, forwarded by our clients during the past 30 years. We choose the proper products for each situation, fully considering the legislation and standards set, and assist the client in planning the most cost efficient solution. Furthermore, the expertise of our local sales personnel is fully available for the client, in regard of any question concerning lifting and load securing. A comprehensive warehouse, wide range of products and good connections from Deva ensure fast deliveries across Romania.

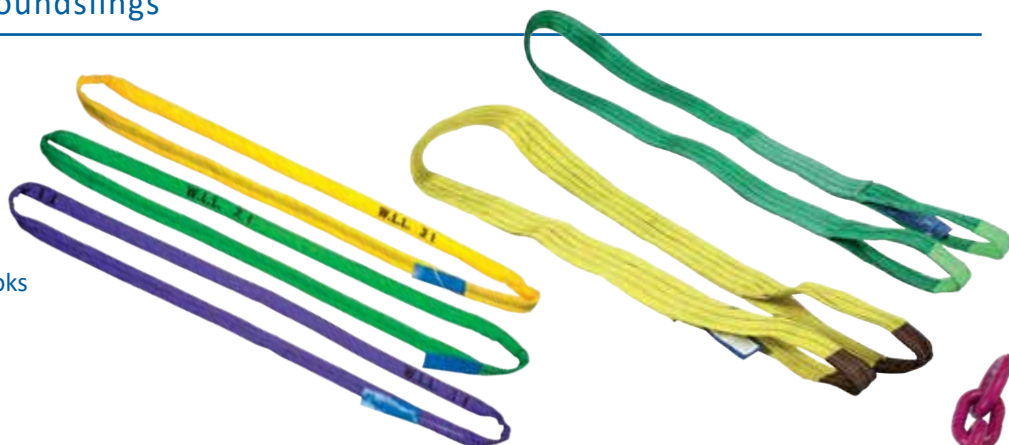

Product testing

Chingi Expert ensures the safety and quality of all equipment by testing products from each set of incoming delivery. Of Lifting and Lashing equipment, the breaking strength and stretch, as well as surface finishing and measures, are tested. The report of each test pull is recorded in the company database. By doing this we ensure the traceability of each set of delivered products.

1. Webbing slings and roundslings

- Eye webbing slings
- Webbing sling endless
- Extra-wide webbing slings
- Roundslings
- Roundslings with self-locking hooks

2. Lifting chains, components and steel wire rope slings
